

## **The quality of teaching and the use of assessment to support learning**

### Outstanding (1)

Teaching is at least good and much is outstanding, with the result that the pupils are making exceptional progress. It is highly effective in inspiring pupils and ensuring that they learn extremely well. Excellent subject knowledge is applied consistently to challenge and inspire pupils. Resources, including new technology, make a marked contribution to the quality of learning, as does the precisely targeted support provided by other adults.

Teachers and other adults are acutely aware of their pupils' capabilities and of their prior learning and understanding, and plan very effectively to build on these. Marking and dialogue between teachers, other adults and pupils are consistently of a very high quality. Pupils understand in detail how to improve their work and are consistently supported in doing so. Teachers systematically and effectively check pupils' understanding throughout lessons, anticipating where they may need to intervene and doing so with striking impact on the quality of learning.
